MINUTES OF COUNCIL

A regular session of Troy City Council was held Monday, December 16, 2019, at 7:00 p.m. in Council Chambers.

Members Present: Heath, Kendall, Lutz, Phillips, Schweser, Severt and Terwilliger.

Upon motion of Mr. Heath, seconded by Mr. Schweser, Mrs. Oda was excused from this meeting by unanimous roll call vote.

Upon motion of Mr. Schweser, seconded by Mr. Terwilliger, Mr. Twiss, was excused from this meeting by unanimous roll call vote.

Presiding Officer:	Martha A. Baker	President of Council
Others Present:	Michael L. Beamish	Mayor
	Patrick E. J. Titterington	Director of Public Service and Safety
	John E. Frigge	City Auditor
	Grant D. Kerber	Director of Law

INVOCATION & PLEDGE OF ALLEGIANCE: An invocation was given by Council Member Heath, followed by the Pledge of Allegiance.

PRESENTATION: Dan Foley, Director of the Great Miami Riverway, Miami Conservancy District, thanked retiring river advocates and board members Mayor Beamish and Councilmen Tom Kendall and presented each with a plaque. He also stated appreciation of the City in supporting riverway development. Mr. Foley noted the investment in the riverway by various communities along the Miami River, including what has been and is going on in Troy.

MINUTES: The Clerk gave a summary of the minutes of the December 2, 2019, meeting of Troy City Council. There were no corrections or additions to these minutes. Upon motion of Mr. Heath, seconded by Mr. Kendall, these minutes were approved by unanimous roll call vote.

COMMITTEE REPORTS:

Community & Economic Development Committee: Mr. Kendall reported that Committee considered an Annexation Petition filed on behalf of Patricia A. Harshbarger Trustee and Linda F. Rocco for property owned on McKaig Road and on SR 718 and there are probable procedural defects within the petition that the County may consider and correct. Committee recommends legislation be prepared for the December 16 meeting to provide for the statement of services and buffering requirements required by state law related to the Harshbarger-Rocco Annexation of a total of 43.5915 acres, more or less, from Concord Township, but that consent legislation be considered at the January 6 meeting provided the County accepts the filing of the annexation petition. To meet the timeline of the state law for an expedited annexation, the Committee supports emergency legislation.
Report signed by Kendall and Schweser.

COMMENTS OF MAYOR BEAMISH:
Mayor Beamish commented that this is the last meeting for four elected officials who, in total, have over 65 years of elected public service to the community. He noted that those elected officials took the risk to run for public office, were elected, and have done due diligence to make the best decisions for the community, further noting that, as citizens, the elected officials are also impacted by any decisions made. He stated that during his 26 years, first on Council and then as Mayor, he believes there have been great accomplishments, with Troy held in high regard both locally and regionally. He thanked the retiring and returning elected officials for their hard work, and wished the new elected officials the very best as they work for Troy.

COMMENTS OF THE DIRECTOR OF PUBLIC SERVICE AND SAFETY:
Mr. Titterington commented:
-Refuse collection will be delayed one day starting with Christmas Day and New Year's Day.
-Leaf collection is on schedule in round two, with the next round to commence January 6 weather permitting.
-Regarding winter snow events, last year at this time there had been five weather events, 50 tons of salt used, with a cost of about $4,800. To date for this year, there have been three events, using 230 tons of salt, with a total cost of $21,320. Each snow event is different and has to be addressed differently.
-Thanked Mayor Beamish, Mrs. Baker, Mr. Kendall and Mr. Heath for their dedication and service to the community. He stated that he hopes each of them continues to be involved in the community.

COMMENTS OF THE DIRECTOR OF LAW:
Mr. Kerber commended the outgoing elected officials, noting that it has been apparent that each loves the City and the citizens, and have been doing things for the right reasons.

COMMENTS OF THE PRESIDENT OF COUNCIL:
Mrs. Baker thanked all the Council members and staff, commented that she believes much has been accomplished, some with the support of agencies and non-profit organizations. She noted that when she came on Council, there was no newsletter or any form of televising Council meetings, and she hopes the methods of communication continue. Mrs. Baker noted many of the projects that have been accomplished during her tenure on Council and as President of Council, including buildings and infrastructure, park enhancements including Treasure Island Park and the Paul G. Duke Park, and the partnership with the Operation Cloverleaf partners that have maintained the I-75/SR41 entrance into the City. She commented that it is her hope that these types of improvements continue while preserving the historical presence of the Community.

COMMENTS OF MEMBERS OF COUNCIL:
-Mr. Kendall commented that he has enjoyed his tenure on Council, that he loves Troy and wants to see Troy continue to be a success.

-Mr. Heath commented that is has been awesome to have been a part of the past six years on Council and wishes the community the best.
-Mr. Severt thanked the outgoing elected officials. He also noted that a community open house will be held on December 29 to honor Mayor Beamish. Mr. Severt also noted that the window scape in the downtown is very nice.

COMMENTS FROM MEMBERS OF THE AUDIENCE:
-Richard Pierce, 2006 Troy-Urbana Road, stated his appreciation of what the elected officials do for the citizens.
-Jim Thompson, 209 Nottingham, related an experience of being accosted by three dogs who were not leashed, and suggested there be a City-wide leash law. Mr. Titterington commented that some Ordinances refer to a dog being "under control". Mr. Kerber stated that the Ohio Revised Code will also reference an animal being "under control" and this could be considered similar to a leash law.
-Lester Conard, 1210 S. Clay Street, thanked some outgoing officials for their service.

PRESENTATION OF PLAQUES AND NAME PLATES TO OUTGOING ELECTED OFFICIALS in recognition of their years of service to the community. Council President Baker presented plaques to the following:

- Mayor Michael L. Beamish: Councilmember-at-Large, January 1, 1994 - December 31, 2003; Mayor, January 1, 2004 - December 31, 2019

Street/Solid Waste – Jerry Mullins, Foreman

- Collected and transported 389 tons of residential trash since the last report of 239 tons
- Handled one recycling complaint and nine trash complaints
- Collected several compliant brush piles and T-bags
- Crack sealed designated roads and manholes
- Finished asphalting for the season. We will place temporary cold patch in the street openings which currently are filled with gravel. We will make permanent repairs once the asphalt plant reopens in the spring.
- Started round three of leaf collection with 90% of the leaves collected. We still see several homes with leaves covering the front yard so there is still work to be done. Round three runs until January 31, so residents still have time to place their leaves out to the curb. After January 31, leaves will only be picked up if they are placed in a paper bio-degradable yard waste bag.
- Installed new mother boards on the solar big belly trash cans. This was a requirement to upgrade the system to 4G so we could still communicate with the station.
- Started collecting non-artificial Christmas trees. A news release notified citizens to place their trees to the curb, free of light strands, decorations, tree stands, and plastic bags. Through the month of January, there is no cost to dispose of trees at the Miami County Transfer Station. Any trees collected after January will be taken to the Dye Mill Road Compost Facility.

Electrical – Brian Ferree, Foreman

- Completed Ohio Utilities Protection Service requests as needed
- Made minor repairs to downtown Christmas lights
- Installed conduit for sign lighting at Miami Shores Golf Course
- Replaced 8" yellow LED signal in the traffic light at the intersection of Plum Street and West Simpson Street
- Relocated controls for Slaker #3 at the Water Treatment Plant
- Replaced parking lot light at Water Treatment Plant
- Inspected heat tape on the roof at City Hall
- Replaced four – 4" T8 lamps at City Hall
- Completed the monthly safety report
- Reset the tripped breakers for the downtown Christmas lighting
- Installed eight – 4" lamp T8 fixtures at Miami Shores Golf Course Maintenance Building

Water Distribution/Sewer Maintenance – Tom Parsons, Foreman

- Marked numerous Ohio Utilities Protection Service tickets
- Worked on numerous work orders for Billing and Collection
- Completed non-pay shut-offs and reconnected them as they were paid
- Investigated numerous high consumption alerts

Operations
Items of Interest
January 3, 2020

- Upgraded water services on East West and one on West Main Street
- Repaired main breaks on Chelsea Road, Robinhood Lane and Maplecrest Drive
- Replaced a 6" valve on Michael Drive
- Installed a 12" valve on South Market Street
- Checked a main break at a residence on Crescent Drive and it was located on private property
- Replaced a valve manhole with valve box on South Walnut Street
- Hydro-excavated sewer lateral on South Clay Street
- Jet and cleared backup on South Market Street near the Downtown Square
- Replaced a catch basin on North Road
- Washed street down from main break on Robinhood Lane
- Excavated around Well 17 to find a leak

Wastewater Treatment Plant – Mitch Beckner

- Plant staff built temporary wooden sheds to cover the drive units for the primary tank sludge collectors to prevent them from freezing during periods of cold weather.
- The third operator workstation computer for the SCADA system is now complete and online. This third workstation can also be remotely accessed which gives staff a backup workstation in the event that the main SCADA computer is down.
- During 2019, the Wastewater Treatment Plant treated an average flow of 6.7 million gallons per day of sewage and approximately 1,000 dry tons of sludge were processed and landfilled.

Water Treatment Plant – Jeff Monce

- New WTP Operator Ron Dorohoff has completed all plant operations training and also received interim authorization from Ohio EPA to operate the plant. Ron began solo operation on third shift December 31.
- A Water Distribution crew excavated the casing around Well 17 and found several holes in the upper casing shroud, known as the pitless adapter. This adaptor will be replaced and a well cleaning will be scheduled as soon as possible. All other wells are operational.
- A manufacturer's representative inspected two leaks on Train 1 gear drives and a further inspection by factory rebuild technicians will be conducted in January.
- New Operations Technician Steve Suerdick Jr. has completed training in numerous regulators, bacterial and chemical requirements in the plant lab. A request for an Ohio EPA survey to authorize him for all duties has been submitted and should be conducted within January.

MEMORANDUM

TO: Patrick E.J. Titterington, Director of Public Service and Safety

FROM: Tim Davis, Assistant Development Director

DATE: January 3, 2020

SUBJECT: ***Items of Interest Report***

I have attached two reports which summarize concerns that are being addressed by the Economic Development Department from December 11, 2019 to December 30, 2019.

The first report shows all permit applications that were received. The permits have been separated by the wards they are located within. There were 22 permit applications received during this time period.

The second report contains the address, type of concern, and a summary of the current status of on-going property maintenance violations. Both open and closed concerns are listed. These concerns are separated by the wards of which they are located within. There were 27 violations addressed during this time period.

All costs associated with the removal of trash and elimination of noxious weeds will be invoiced to the property owner. Should the property owner fail to pay any invoice, the cost will be assessed to the property taxes where the violation occurred.
