## Recreation & Parks Departments Athletic Field Use Policy

(Revised 2023)

### Purpose

The City of Troy Recreation Department and Park Department are committed to meeting the recreation and leisure needs of the community. This policy has been established to monitor, control and prioritize facility usage in a fair and non-discriminatory manner.

### Scheduling Priorities for Facility Usage

The scheduling of use by community organizations and other agencies of City facilities are based on the following criteria:

- Level of affiliation to City of Troy Recreation Department and programs
- City of Troy residency \*
- Level of broad based benefit for Troy residents

Approval of requests for use will be evaluated based on the organization classification in the following order and availability of fields:

- Category A: City of Troy Recreation Department Programs
- Category B: Troy Public and Private Schools and their affiliated programs. (Booster Groups, Parents Association, events, camps, tournaments, etc.)
- Category C: Troy Athletic Boards or Troy Associations with an organized governing board with organizational bylaws and a 501(C) (3) status. Troy Non-profit organizations with official mailing address (no p.o. boxes) located within Troy Corporate limits.
- Category D: Fundraisers in which for-profit organizations or residents located within Troy corporate limits receive direct benefit. Teams not affiliated directly with an organized athletic board or organization with bylaws and having 66% or more of players on the team residing in Troy School District or requests by City of Troy residents and businesses for private use.
- Category E: Other organizations, groups or individuals that do not qualify for Categories A-D status.
- Category F: National Sanctioned Tournament organizations looking to host weekend tournaments in facilities. These tournaments can be scheduled prior to the first business day of the year. Tournaments pay daily field rates, field lining and prep fees, and light usage.

\*Resident is defined as a person or business who lives within the City of Troy corporation limits. This is different than a Troy mailing address.

\*Verification of residency, non-profit status and scope of usage (purpose, participants and benefactor) must be submitted with each use request. Non-Profit organizations must have a tax identification number, an organized governing board and organizational bylaws, and be willing to provide copies upon request.

\* If a request for field usage is reviewed and approved by one or both boards, the event takes precedent over the field from any later requests unless it is needed for use by the City of Troy.

### Schedules

Heat Index Guidelines for Outdoor Youth Sports  
Including Soccer & Softball  
(7/2012)**

The Troy Recreation Board has implemented the following guidelines to deal with extreme heat for its youth softball and soccer practices and games. It is designed to provide program coordinators, coaches and participants with a standard for safe play in situations of extreme heat. The heat index will be determined based on NOAA (National Oceanic and Atmospheric Administration) at 4:30pm for that evening's events. If there are games or practices scheduled during the daytime on weekends, the heat index will be determined 1 ½ hours prior to the scheduled time.

## **CITY OF TROY RECREATION DEPARTMENT & PARK DEPARTMENT**

### **FIELD USE LIGHTNING WEATHER EMERGENCY ACTION PROCEDURES AT DUKE PARK FACILITY**

Severe weather is always a concern with outdoor athletic activities and the City of Troy Recreation Department and Park Department has developed a weather emergency action procedure to ensure, to the best of our ability, the safety of each participant, coach, parent and spectators at Duke Park.

#### **EMERGENCY ACTION PLAN FOR LIGHTNING STORMS**

**The following Emergency Lightning Safety plan is based on current recommendations given by the National Weather Service, the National Lightning Safety Institute, and the current NCAA Sports Medicine handbook. The League Director covering the practice/event or the Head coach, or the umpires in the occurrence that a League Director is not present, shall be the individual(s) responsible for weather observation, including using available lightning detectors and evacuation plan implementation.**

Lightning is random and unpredictable. City of Troy employees and volunteer youth sport coaches must follow specific guidelines when the risk of lightning makes it is necessary to suspend activities and clear the area. For the first time, Troy is using the Thor Guard Lightning Prediction System at Duke Park. This state-of-the-art lightning predictor will sound **ONE 15-SECOND** blast of horn when signs are lightning are detected. If the horn sounds, activities must be suspended immediately. If you are within visibility of the system, which has been installed at the Duke Park facility (unit on the softball fields of concession stand roof and also on the football concessions stand roof) you will also see a strobe light flashing and remain flashing until safe conditions return. All coaches, participants and spectators must immediately evacuate the facility and seek safe shelter. You may resume activities only after hearing **THREE 5-SECOND** blasts of the horn, the strobe light will also stop flashing. Coaches are responsible for following the emergency action procedures in the absence of a City of Troy employee, such as during practices or outside user groups using the fields.

Be vigilant in monitoring threatening weather and always err on the side of caution. Seek shelter immediately in the event of the following:

- You hear one long siren
- You hear thunder (regardless of siren)

- You see lightning (regardless of siren)
- You see the strobe light on when arriving at the park

## **LOCATIONS FOR SAFE SHELTER**

While no place is absolutely safe from a lightning threat, some more safe than others. When activity has been suspended due to the Thor Guard Prediction System's lightning alert, participants must evacuate to:

1. During lightning alerts, we ask that PARENTS ARE PRESENT with their vehicles in Duke Park to provide a safe place for their child to wait during weather delays. Waiting under the picnic overhang or outside will not reduce the chances of getting hit by lightning. All players are asked to be in the safest possible place at this time which is a car. Fully enclosed metal vehicles such as cars, trucks, and vans with windows rolled up provide good shelter from lightning. Avoid contact with metal or conduction surfaces outside or inside the car. It is not the rubber tires that makes a vehicle safe, but the hard metal roof which dissipates a lightning strike.
  2. If you or anyone else feels their hair standing on end, and/or hear "crackling noises," you are in lightning's electric field. If caught outside during the time, immediately remove metal objects (includes baseball cap), place your feet together, duck your head, and crouch down low in a baseball catcher's stance with hands on knees. Do not lay flat on the ground.
- **Avoid being in or near the following areas and items:**
    1. Open fields and high places
    2. Isolated trees
    3. Open air picnic shelters, including the concession stand area
    4. Flagpoles and light poles
    5. Bleachers (metal or wood; dugouts)
    6. Metal fences
    7. Golf carts
    8. Electrical/electronic equipment
    9. Under an umbrella

## **RESUMPTION OF ATHLETIC ACTIVITIES**

When the Thor Guard sensor detects that danger has passed (a minimum of 10 minutes after the initial alarm) it will send the all-clear signal (**THREE 5-SECOND blasts of the horn and the strobe light will stop flashing**). If activities cannot resume after a 45-minute delay, the activity will be officially postponed or cancelled.

**\*\*Outside user groups will determine to postpone their games further until the all-clear signal has been sent or determine if they will cancel their game.**

**LIGHTNING DETECTION POLICY**  
**FIELD USE REQUEST WAIVER FORM**

All outside user groups that request use of the Duke Park Facility, must adhere to this Lightning detection policy put in place by the City of Troy. This policy must be signed as part of the Field Use Policy Request packet and returned to the City of Troy Recreation Department. Signature of this policy indicates that the user group is aware of the policy, will inform all coaches and will strictly enforce this policy during the duration of their season.
